OEHI CONTRACTS TO DATE

- RFP released October 2016 for Master Health IT Consultant
- Health Tech Solutions Awarded Contract to support OeHI and HCPF with Health IT projects. Projects are defined and requested by OeHI and HCPF following defined project request order process. Roadmap projects and support encumbered across initiatives, as appropriate.
- Mosaica Partners contracted by OeHI to develop requirements for consumer engagement initiative, purchase order executed November 16. Order delayed for several months due to restricted funds.

FUNDING PHILOSOPHY

- Leverage 90/10 funds for all initiatives except for the Consumer Engagement Initiative. This is defined in the appropriated Capital Construction funds to OeHI.
- All 90/10 funds must be reviewed/approved by both Healthcare Policy and Financing and Centers for Medicaid and Medicaid.
- Longer term sustainability is a consideration of each funded project.
- eHealth Commission agreed the Office should focus on “shovel ready” projects
- Roadmap initiatives are focused on leveraging and advancing health information technology and exchange infrastructure

PROPOSAL FUNDING REQUEST PROCESS

INITIATIVE FUNDING RATIONALE

- Funds for Advance HIE and Data Sharing earmarked for Colorado's Health Information Exchanges and state infrastructure
- Colorado's Health Information Exchanges are Colorado's Regional Health Information Organization and Quality Health Network as defined in Colorado's Health IT Roadmap, Colorado's State Medicaid Health Plan and draft qualified entity documents.
- State data sharing infrastructure investments are focused on allowing broader access of state data for care coordination in Colorado's Communities.
- Funding to the HIEs is being considered for several other initiatives such as identity for individuals to ensure alignment of infrastructure.
- No funding has been officially approved to date.
