Crosswalk Findings

- **Alignment** – All current OeHI project investments align with one or more of the Updated Health IT Roadmap initiatives.
- **Opportunities** – Some Roadmap initiatives are incomplete or are not being addressed by current OeHI project investments.
- **Next Steps**
  - Gap Analysis
  - Prioritization
  - Defining Success

Crosswalk Next Steps & Questions

OeHI
Office of eHealth Innovation

- **Gap Analysis**
  - Determine what other work (public or private) is already underway that OeHI and the eHealth Commission can leverage and engage.
  - Identify gaps to address within Roadmap initiatives and feasibility within the next three years.
  - Assess whether current OeHI-funded activities are fully addressing the priorities and what additional work or changes are needed in the next three years.
- **Next steps**
  - OeHI and Commission chairs to focus and prioritize the scope of the gap analysis to be completed in the next 2-3 months, using Roadmap values and the Commission's prioritization matrix.

OeHI Roles: Stewarding the Work

- ***Aligning Policy, Funding, and Services Decisions***
  - Align, integrate, and coordinate the policy, funding, and technology investments for the state's health agencies
  - Establish and jointly lead a technical architecture review committee for all state-funded health IT projects
- ***Community Engagement***
  - Support efforts for direct collaboration and coordination across state agencies and with community partners
- ***Governance***
  - Build upon and expand the Statewide Health Information Governance Committee to address Roadmap goals
- ***Operationalizing Policy, Funding, and Services Decisions***
  - Offer venues for investing in innovative solutions and promote policy solutions at the state level
  - Advise state agencies on their implementation efforts with strategic support from the Commission
  - Embed staff within departments as needed to provide additional capacity and support
- ***Monitoring for Accountability***
  - Monitor project and contract management to keep the big picture goals in mind while meeting deadlines
  - Coordinate partners, provide financial support for the work, and ensure end users are getting what they need
