Colorado Health Information Technology (IT) Roadmap Refresh

eHealth Commission Meeting

October 13, 2021

Agenda

- Discuss final revisions to the Roadmap

- Approve Roadmap

- Review new and existing financing for initiatives implementation

- Proposed approach for implementation: workgroups and financing

- Framework

Comment and Review Process Since September eHealth Commission Meeting

- State agency listening session & fourth draft posted online for public comment

- Themes incorporated

  - Edits (such as electronic health records not electronic medical records)
  - Highlight role of community in evaluating technology solutions (not just informing their development)
  - Clarify value statements to include quality, ease-of-use
  - Emphasize health outcomes as a component of "monitoring for accountability"
  - Addition of an appendix highlighting social-health information exchange

OeHI
Office of eHealth Innovation

Comment and Review Process Since September eHealth Commission Meeting

- Themes not incorporated
  - Reference to community health workers/promotores de salud
  - Naming specific organizations as designing S-HIE and interoperability
  - Setting targets/success metrics
  - Assigning responsibility to specific state agencies and/or organizations (beyond the Office of eHealth Innovation) for funding and implementation tasks.

- Comments relevant to implementation
  - Ensure broad cross-sector participation of equity, diversity, and inclusion experts in future digital health equity work group activities.
  - Establish SMART goals

OeHI
Office of eHealth Innovation

Additional 2021 Roadmap Revisions

- Restructured introduction to include digital health equity and digital inclusion; outcomes and uses that the goals can support.

- Table that crosswalks initiatives (new or existing) with Roadmap goals and Administration priorities

- Inclusion of Tribes

- Created appendices to highlight health information exchanges, social health information exchange, and to streamline content in the draft.

OeHI
Office of eHealth Innovation

Next Steps

- Commission approval.

- Governor and Lt. Governor approval.

- CHI to finalize designed version and communications materials.

- Roadmap released by end of 2021.

OeHI
Office of eHealth Innovation

Implementation: Workgroups

Goal: Workgroups have a clear charge and accomplish time-bound tasks using an agile approach.

- Restructuring, combining, and/or ending existing workgroups
  - Build out the table in the Roadmap as an initial starting point for identifying overlap

- Establishing new workgroup(s)/initiatives
  - Systems/project integration
  - Patient access to health information
  - Public health
  - Digital health equity
  - Innovation resource center
  - Scalable data platform
  - Rural Connectivity

- Clarify membership and expectations

- Restructure completed by end of 2021 to initiate in 2022

OeHI
Office of eHealth Innovation

Implementation: Financing

- Applying existing resources
  - Screening criteria (next slide) based on Commission matrix
  - Successful approaches or solutions advance for funding consideration

- Identifying additional opportunities
  - Braiding with other public funding
  - Private funding options (fees, philanthropy)
