# The SHIE Bulletin

Working Together Towards  
Whole Person Health

April 2024

Issue 1. Vol. 8

## Social Health Information Exchange (SHIE) Regional Hubs Updates

Social Health Information Exchange (SHIE) is a network to securely share physical, behavioral, and social health information between providers involved in whole-person care. Our SHIE approach is composed of two prongs: a statewide unifying architecture and regional hubs.

To illustrate these two prongs of SHIE, we have added two new web pages to our website! These pages will be updated regularly to showcase resources and updates about these exciting initiatives!

[View the NEW Statewide Unifying Architecture Web Page](#)

[View the NEW Regional SHIE Hubs Web Page](#)

This edition of the SHIE Bulletin focuses on the latest developments for our Regional Hub approach. The Regional SHIE Hubs are a component of the SHIE Program that invests in community-driven infrastructure. Regional SHIE Hubs will ensure that SHIE development is driven by the needs and priorities of people in Colorado.

# Regional Hubs Planned Timeline

The high-level timeline for the Regional Hubs is shown in the diagram below. The rest of this newsletter provides information about each of these components.

- May 1 - Introductory Webinar
- May 2024 - Request for Information
- Late Summer 2024 - Request for Applications, pending federal approval timeline

## May 1: Introductory Webinar

We will be hosting a live webinar on May 1, 2024 at 11 AM MT to provide an overview of the Regional SHIE Hubs and answer any questions you might have.

The recording and slides from this webinar will be shared publicly after the event ends.

[Register for the Regional SHIE Hubs Informational Webinar on May 1, 2024](#)

## May 2024: Request for Information

We will be releasing a Request for Information (RFI) in May 2024 for organizations who are considering applying for the Regional SHIE Hubs RFA later

this year.

This RFI will help OeHI gauge community interest in the upcoming RFA process for internal planning purposes.

Participation in the RFI does not advantage any future RFA submissions, and is not a requirement of funding.

---

## Late Summer 2024: Request for Applications

We will be launching a Request for Applications (RFA) grants process for Regional SHIE Hubs in late summer, 2024, pending federal approvals.

This grant opportunity is for community organizations seeking to share data through the SHIE Architecture to improve the delivery of coordinated care.

---

As always, if you have questions about SHIE, please email [gov\\_ask\\_oehi@state.co.us](mailto:gov_ask_oehi@state.co.us)!
