OUR INNOVATION SUMMIT UPDATE

THE INNOVATION WORK GROUP

- ...aligned the Governor's Dashboard for Health
- ...with the Health IT RoadMap Objectives
- ...and came up with five (5) key domains for a “strategic audit” (SWOT analysis):
 - Chronic Disease Management
 - Integration of Behavioral Health and Substance Use Disorder
 - Transition from Fee for Service to Value Based Payments
 - Social Determinants of Health
 - Information Sharing & Data Silos

OEHI/PRIME HEALTH SUMMIT

PRELIMINARY THEMES AND INSIGHTS

- Colorado has many strengths, resources, and key assets to leverage
- We need better defined problems
- We need better communication of challenges and opportunities
- We need test data, testing “laboratories”, and testing partners
- We have policy and legislative opportunities
- We have many data governance opportunities

SUMMIT/PLAN GOALS AND OBJECTIVES

- **Align our digital health innovators and entrepreneurs with the State of Colorado's top health transformation priorities**
- **Reduce the “friction” in our digital health ecosystem**

NEXT STEPS

- Bring Summit output back to Innovation Work Group
 - Refine into Action Plans
- Seek additional input for the innovation strategic plan
- Refine plan with Innovation Work Group, for delivery to the eHealth Commission for approval and adoption

COLORADO HEALTH IT ROADMAP

STEERING COMMITTEE MEETING MOSAICA PARTNERS

LAURA KOLKMAN
BOB BROWN

JUNE 14, 2017

- Modified Objective – Approval
- High Level Desired Future State – Approval
- Roadmap Review-Approval Calendar
- Roadmap Project Calendar

Care Delivery:

Care is delivered when and where needed through the most efficient, effective means.

Rationale for modification: This objective, encompasses not only telehealth, but also other potential technologies and care delivery channels. It still includes telehealth, but is broader, more far-reaching, and more forward-thinking

HIGH LEVEL DESIRED FUTURE STATE - APPROVAL

OeHI
Office of eHealth Innovation

When the Colorado Health IT Roadmap objectives are achieved:

Care is inclusive, coordinated and delivered through the most appropriate, mutually convenient, cost-effective means.

Coloradans are empowered and actively participate in their wellness and health care through readily accessible technology.

Technology equalizes access to care and improves trust in Colorado's health ecosystem.

Health and health-related information is securely available, accessible, and usable at the time and place needed.

Innovation in health information accelerates improved health and wellness for all Coloradans.

Colorado's health information infrastructure supports current and emerging capabilities.

Colorado's Triple Aim – best health, best care, best value – is realized and Coloradans are the healthiest in the nation.
