

## eHealth Commission April 2021- Health IT Roadmap Workgroup Highlights and Decision Items

Roadmap Initiative	FY21 Goal	Chair	Initiative Highlights	eHealth Commission Ask
Care Coordination	Contracts for Phase II of Social HIE work executed by January 2021.	eHealth Commissioner needed	Phase 2 contracts have been signed and kick-off meetings have been scheduled with all three vendors. OeHI has submitted a letter of intent to apply for ONC LEAP funding for S-HIE. OeHI and CHI held the second CC Info Gov Task Force meeting to focus on data exchange for social care platforms.	eHealth Commissioner Chair needed
Telehealth/ Broadband	Fund grant projects in August 2020 to inform longer term approaches and infrastructure strategy. Complete telehealth evaluations and learning collaboratives to inform longer term approaches and infrastructure.		Health, CDPHE, and HCPF to develop a provider survey regarding telehealth. The Regional Telehealth Learning Collaboratives (RTLCs) are sending out participation outreach this month and scheduling meetings with the RAEs involved in this project.	FCC to release new funding opportunities in April for funds for consumers and providers for broadband and telemed needs. Here is a <u>link</u> to the details. Please share with your networks. Please also share the provider telehealth survey with your networks- Prime Health and OeHI will distribute later this month

Advancing HIE	and advance health	Jason McRoy. eHealth Commissioner needed	<ul> <li>Projects currently in process: Data Access Improvement (PRO12).</li> <li>Major milestones since last meeting include: <ol> <li>Ongoing development of Statements of Work with CORHIO and QHN for Phase 2 projects, which include terminology services (CORHIO), notifications development (CORHIO/QHN), comprehensive medication history (QHN), electronic lab reconciliation (QHN), and single sign on (QHN). There have been changes to the review and routing process that delayed the procurement process.</li> <li>Completion of interim and project closeout reports for the Data Access Improvement project</li> <li>For next reporting period:</li> <li>Execute procurements with CORHIO and QHN to fund Phase 2 projects.</li> <li>Complete the data access improvement interoperability project (QHN).</li> </ol> </li> </ul>	
COVID-19 Public Health Response	To provide necessary system related changes, data, and analytics needed for the COVID-19 Public Health Response.	Art Davidson	Discussions continue on sharing immunization information with providers and patients. Leveraging Advancing HIE workgroup to work through policy and decisions with state agencies.	Note: work integrated into Information governance, identity, and advancing HIE work.Thank you Art for you leadership!

Identity for Individuals and Providers	Implement Phase 2 of Identity Resolution Project to modernize SIDMOD (Current State MDM) Continue to support the COVID emergency response and symptom tracking Leverage CORHIO ID for state contact tracing	Alex Pettit	Vaccine records for Medicaid Members have been transferred weekly to IBM since the week of March 15th, totaling 222,371 vaccine records for Medicaid Members, roughly ~10% of the entire vaccinated population thus far. Regular weekly updates will continue until HCPF tells us otherwise. Automation of the above process is underway to increase accuracy and reduce time spent generating the weekly files. Discussions and contracting for consuming enriched Demographic Data from CORHIO's Verato Service, anticipated contract execution May/June time frame.	Request to present enterprise state strategy at an upcoming Commission.
Prescription Drug Monitoring Program (PDMP) and Prescriber Tools	Recommendations for PDMP future state being developed to take the ecosystem to the next level by creating specifications for integrations, data flow, analytics, enhanced access to prescription data, etc.	Carrie Paykoc	Legislative session is in progress. HB21-1012 is focused on expanding the prescription drug monitoring program (PDMP) to track information on all prescription drugs. Here is a <u>link</u> to the bill. OeHI developed draft future state policy and technology recommendations for the PDMP and prescriber tools in 2020. This represents the synthesis of over 6 months of work, review of numerous reports, interviews, and workgroup meetingsall focused on providing the State with	any final comments for the future state PDMP recommendations. Here is the <u>link</u> to the draft. HCPF is providing 5000 free licenses to the prescriber tool here is the <u>link</u> to request a license.

			DORA to release an RPF in FY21.
Consent Management	Develop and implement a statewide approach to consent management that aligns and harmonizes the consents required for health information sharing in Colorado	The workgroup is exploring options for consent models and discussing both tech and policy work planned and in-flight. Tech Focus: In collaboration with Colorado Digital Services, OeHI is exploring the possibility of building a developer sandbox (Developer.colorado.gov) open for entities to provide ideas to keep working through potential solutions.	N/A
	Mental Health Center of Denver and MyColorado integration	Policy Focus: A small sub-group is focused on exploring the legal barriers and opportunities for this work. The current focus is the pathway to engage legal privacy experts. This is complementary to the Information Governance work being conducted by OeHI and the Colorado Health Institute.	

			The workgroup continues to await a notice of proposed rulemaking from SAMHSA regarding the changes to 42 CFR Part 2 legislation. The timeline for this is unknown.	
Data/Information Governance	To advance data and information governance efforts in support of state priorities. Use Cases: 1) Behavioral Health 2) Care Coordination 3) Identity Resolution 4) eCQM	Art Davidson and Amy Bhlkha	<ul> <li>OeHI and CHI have convened eCQM and Care Coordination Information Governance Task Force and Statewide Information Governance on Health Committee meetings for this work.</li> <li>CHI submitted a first draft of the Information Governance Guidebook, addressing behavioral health data integration as the next use case.</li> <li>The first draft is focused on assisting providers in sharing primary healthcare data with behavioral health data within regulatory frameworks. This draft has been reviewed by the Statewide Committee and is in review with the Consent Workgroup.</li> <li>Next reporting period: <ol> <li>Finalize the first draft/use case of the Information Governance Guidebook</li> <li>Continue to convene Task Force and Committee meetings</li> <li>Finalize draft of Data Sharing Agreement Directory for state and partner agreements. This will support the foundation and future DSAs for the</li> </ol> </li> </ul>	None at this time

			Identity Resolution project and workstream
